

Conveyors & Elevators

The quality and scope of Herbert conveyors and elevators is second to none.

With decades of experience in design and manufacture of conveyors and elevators, customers can rest assured that these vital elements of any handling system will provide long and trouble-free service as well as maintain excellent re-sale values.

HERBERT

CONVEYING

Conveyors
Specialists in produce handling conveyor systems
Conveyor designs for all applications

FEATURES

- 200, 400, 700, 900, 1200, 1500, 1800 and 2000 standard widths
- Robust PVC or rubber belts with side tracking
- Self-lubricating bearings
- Fixed or variable speed motor
- Option of full stainless steel construction
- Lengths available in 200mm increments

T: +44 (0)1945 430666 E: sales@rjherbert.co.uk
www.rjherbert.co.uk

Flow and Return
Re-circulating conveyor
Highly effective crop accumulation system prior to packing

FEATURES

- Continuous even crop flow by number of pre-packers
- Position an operator gate to divert crop
- Spaceless steel contact rollers
- Can be manufactured to take up to four pre-pack outlets
- Heavy duty adjustable support framework
- Probe control to prevent overload

T: +44 (0)1945 430666 E: sales@rjherbert.co.uk
www.rjherbert.co.uk

Roller Table
Product inspection system
Continuous rotation of crop for visual selection

FEATURES

- Electronic variable speed drive
- Robust design using 30303 heavy duty chain
- Spring loaded rollers for simple removal
- Practice drive system to turn rollers
- Easy clean system for access between rollers
- Separate variable roller speed
- Blue, Grey or White colour option
- Self-check for inspection
- Shielded fluorescent lighting above
- Other practice and roller diameters available
- Adjustable framework and workstands to suit
- Single or twin options

T: +44 (0)1945 430666 E: sales@rjherbert.co.uk
www.rjherbert.co.uk

Rolling Road
Box handling system
Controlled filling and delivery of full boxes

FEATURES

- Reduction in bench usage
- Continuous filling of boxes
- Simple construction with easy maintenance
- Fully enclosed by safety fence
- Robust design for ease of installation
- Optional horizontal or vertical box
- Automatic 100 systems available for vertically stacking or unstacking boxes
- Auto unloading of individual boxes
- Fully computerised control, easy to programme and use
- Can be linked to a stock control system for 'tagging' or bar coded boxes
- Can be designed for in-plant handling
- Automatic bar code label applicator is available as an option

T: +44 (0)1945 430666 E: sales@rjherbert.co.uk
www.rjherbert.co.uk

Produce Indexing System
Specialist application elevators
Individually designed to suit customer requirements

FEATURES

- Efficient handling and transfer of fresh fruit
- Spaceless steel construction elevators and conveyors
- TCR approved modular belt, PVC belts or casted
- Machinery suitable for indoor or outdoor use
- Rotational and continuous drive options
- Open frame design options for easy and hygienic washdowns
- Specialised lighting for sticky or abrasive products
- Specific designed to customer specifications
- Automatic cross systems
- Mobile elevators and conveyors
- Dr-exitting mesh belt option

T: +44 (0)1945 430666 E: sales@rjherbert.co.uk
www.rjherbert.co.uk

Hywall Elevator
Continuous delivery of product without transfers

Continuously used to remove waste from under a rippler into a trailer without spillage

FEATURES

- Full steel belt
- Proofer coated paint finish (standard colour 7002)
- T construction, rigid metal support framework that includes screw jack height adjustment and metal rollers with bows
- 2.0g drive PVC belt
- Full speed drive

T: +44 (0)1945 430666 F: +44 (0)1945 430487 E: sales@rjherbert.co.uk

Store Loading Conveyors
Dual telescopic conveyor system
Flexible conveyor system for store loading

FEATURES

- Clear bar pressed steel frame for maximum safety and strength
- Change free and split-free high side benches
- Robust through bar frame full width (24.1m) or 100mm (24.1m) wide width
- Extreme flexibility and manoeuvrability
- Complete with easily detachable standard reception hopper and 20 metres (50m) dia. of main cable
- Double conveyors can operate in straight line or almost any required angle combination. Saving can exceed 100 metres

OPTIONAL EXTRAS

- Customer order ribs can be supplied for troughed rollers, as original equipment, to minimise 'slip' impact even further
- Conveyor to elevator coupling brackets
- Flashing rubber strips to act as damage transfer from conveyor to elevator

T: +44 (0)1945 430666 E: sales@rjherbert.co.uk
www.rjherbert.co.uk

Extendo Store Loader
Telescopic elevator system
Flexible conveyor system for store loading

FEATURES

- Extended reach variable from 2.25 metres (DSR, dia. to 28m, 108in.)
- Capacity height variable from ground level to 4.6 metres (DSR, dia. to 24.1)
- Built in open platform clear from jaws to 14.25 metres (DSR, dia. to 24.1) with adjustable lifting limit each end
- Easy push-button pendant controls
- Variable speed drive (0 to 10 metres (DSR, dia. to 2000) per minute)
- Low intake height of only 40cm (DSR, dia. to 24.1)

OPTIONAL EXTRAS

- Steel power transmission
- Remote radio control

T: +44 (0)1945 430666 E: sales@rjherbert.co.uk
www.rjherbert.co.uk

Specialist Conveyors
Standard and custom systems for your conveying needs
Available in lengths from 2M to 5M and in widths from 200mm to 1M

FEATURES

- Full steel belt
- Proofer coated paint finish (standard colour 7002)
- T construction, rigid metal support framework that includes screw jack height adjustment and metal rollers with bows
- 2.0g drive PVC belt
- Full speed drive

OPTIONAL EXTRAS

- Variable speed drive
- Reversible drive
- Control on the 2 phase (starter)
- Special drive systems
- Flexible and rigid drive systems
- Special application belts

T: +44 (0)1945 430666 E: sales@rjherbert.co.uk

Product Range

- Conveyors
- Drag Chain Elevator
- Drain Conveyor
- Extendo Store Loading
- Flow and Return
- Hywall Elevator
- Packs Conveyor
- Produce Indexing System
- Roller Table
- Rolling Road
- Specialist Conveyors
- Store Loading Conveyors
- Vibratory Infeed
- Washer Elevator
- Weigh Conveyor
